JANESVILLE, WISCONSIN, MONDAY, MAY 19, 1902.

NUMBER 60

## TEXAS HAS A BAD CYCLONE

City of Goliad Partially Destroyed by Awful Storm Yesterday.

## A HUNDRED DEAD

Two Hundred Injured, and a Million Dollar Loss Sustained.

## STORM ELSEWHERE

Dallas, Texas, May 19.—The latest reports from Goliad place the number of dead at fully a hundred and the injured at over a hundred. About one hundred houses were destroyed. A strip about two blocks wide and a mile long in the western part of the city has been entirely wiped out. The work of devastation lasted less than five minutes. The bodies of all of the dead have been recovered and the wounded are being cared for although in urgent need of more physicians and nurses.

Dallas, May 19.—A conservative estimate places the total number of deaths in the storm stricken district at one hundred and two hundred wounded. The total property loss is over a million. Wires to all points are still down and details are unobtainable. Goliad is one huge hospital and state aid is being dispatched there. Two companies of militia are now on the grounds.

## STORM HITS WISCONSIN

Cloudburst near Sparta Does Damage to Crops and Other Property

Sparta, Wis., May 19.—A cloudburst occurred in the eastern part of this country Saturday night, causing much damage to farmers and railroad companies. Three long bridges on the Chicago, Milwaukee & St. Paul road, near Oakdale were carried away, and the track washed out in several places.

Trains were at a standstill until Sunday morning. Wrecking trains were dispatched immediately to the breaks and crews worked all night, succeeding in making temporary repairs for passenger trains at 11 o'clock this forenoon.

Over 200 feet of the Chicago & Northwestern road, ten miles south of here, was completely washed away. Temporary repairs have been made, allowing the running of passenger trains. Many hogs and sheep were drowned and much damage done to crops, highways and bridges. Numerous small outbuildings were carried away. Lightning also caused considerable damage in Monroe, Juneau and Vernon counties.

## NEARLY A CLOUDBURST

Prairie du Chien, Wis., May 19.—A rainstorm so severe, that it was almost a cloudburst, swept east through Wisconsin Sunday morning, after having raised havoc throughout Iowa. At McGregor, Iowa, just across the river, the storm was so severe that it undermined several business blocks, which were badly damaged.

Crops Damaged Near LaCrosse

LaCrosse, Wis., May 19.—One of the worst storms in years struck this city Sunday morning, and as a result trains have been stalled all day and crops in the surrounding territory have been damaged. Some trains from the west were delayed, although no wrecks were reported. Between Sparta and Camp Douglas every bridge was washed out and trains delayed for hours.

## DAMAGE IN JANESVILLE

As a result of yesterday morning's storm a portion of two of the foundation walls of the new cement post factory at the foot of Main street were washed away, the damage done being estimated at \$15. During the severe electrical storm which broke over this city about two o'clock on Sunday morning a great amount of water fell, the storm being heavier east and north of here.

## Flood Follows Storm

About ten o'clock yesterday morning the accumulated water from the surrounding country out Mount Zion way reached this city following the course of the creek near which the new factory is being erected. The large volume of water cut its way around the north side of the building instead of following a course to the south as it should.

## Wall Washed Out

Stockholders and contractors were unprepared at the present for such an emergency and a portion of the end and side walls were washed away by the force of the water. That the water must have come some distance in the country is evidenced by the fact that it took it eight hours to reach this city.

## Will Prepare For Future

This afternoon Dennis Hayes, one of the gentlemen who has a large financial interest in the cement post factory directed the work of surveying the surrounding grounds for a new water way. This will be dug on the south side of the building and the course on the slope above the factory site will be closed up. Every precaution being taken so that there will be no possibility of a repetition of yesterday's accident, no matter how severe future storms may be.

R. M. Richmond was in the city today on legal business.

## BELIEVE THEY WILL WIN OUT

Anthractite Coal Miners Hope Bituminous Men Will Join—Would Mean Victory for Strikers.

Hazleton, Pa., May 19.—The possibility that three hundred and two thousand bituminous coal miners of the country joining the ranks of the one hundred and forty-seven thousand anthracite men, continues to buoy up hope among many of the classes of this region that the fight will be short and that victory will be the reward. President Mitchell expressed himself this morning as being more than satisfied with the situation. The exodus of foreign miners to the east and west in search of employment or to native lands clerks and other employees were suspended. A thousand additional pended this morning by railroads and coal companies.

## TELEGRAMS TELL OF SUFFERING

Martinique Inhabitants Have Aid for the Present, But Will Need More for Months.

Paris, May 19.—The minister of colonies today received a dispatch from the acting governor of Martinique announcing the arrival of supplies from the United States. He adds that at the time the dispatch was sent the volcano was vomiting a great quantity of ashes on the communities located on the southern part of the island. Violent explosions have occurred at Lecabet. The ministry of the colonies says the local administration are satisfied that sufficient amount of supplies are arriving at Martinique.

## NEED AID FOR MONTHS

Sixteen Hundred Dead.—Four Thousand Dead in St. Vincent

Washington, May 19.—The United States consul at the Barbadoes has wired the state department this morning the following: "Sixteen hundred deaths on St. Vincent. Four thousand are destitute. The immediate wants are supplied, but aid is needed for six months, to come. This is authentic."

## VOLCANIC ASHES FALLING

Decks of the Cruiser Cincinnati at Fort De France Covered

Washington, May 19.—The navy department to day received the following dispatch from Capt. McLean of the cruiser Cincinnati, at present at Fort De France: "Ashes and volcanic dust are falling thickly here. Now looks like a thick fog. The decks are covered."

## STATE NOTES

John Dugan, a policeman in LaCrosse, fell from a ladder eight feet high and died from the injuries.

Saturday's storm at Prairie du Chien was very severe and it is thought that a cloud burst occurred just across the river in Iowa.

Oshkosh is today entertaining 20,000 visitors of the Catholic Benevolent societies of the German branch of the church.

The fast mail train on the St. Paul road near LaCrosse ran into a hand car killing one section hand and injuring three others.

Bishop Grafton of Fond du Lac has presented the names of five candidates for the post of minister of Grace church at Appleton.

Miss Rose Munter, of Menasha, was drowned near Appleton on Sunday. Her companion was saved by clinging to the overturned boat.

Two hundred tons of pearl shells from the Mississippi have been shipped from Prairie du Chien to Germany. The price paid averages \$28 a ton.

Lightning fired the stock stables of August Uihlein, at Menominee Falls near Milwaukee Sunday morning and 102 fine blooded horses were burned to death. The total loss is estimated at \$100,000.

An escaped convict from Marquette, Mich., state prison was captured at Boscobel last week. The man had only five months to serve of a five year sentence when he escaped.

The Scandinavian picnic held at Eau Claire Sunday was the largest ever held in this part of the country. The speaker of the afternoon created a sensation by referring to Columbus as "a dago from Spain" and claiming the discovery of America for Lieb Erickson.

Commencing on Wednesday, June 11, the Rt. Rev. C. C. Grafton, of Fond du Lac will conduct a retreat at Grafton hall for ladies. The retreat will close on Saturday, June 14.

Women, whiskey and cards are said to have caused the death of Charles Hummel, assessor of the town of Koshkonong, who committed suicide in a hotel at Fort Atkinson on Sunday by taking poison.

W. B. Duke, son of State Factory Inspector W. T. Duke, one of LaFollette's appointees was discharged in Milwaukee police court of the charge of assault and battery upon a street car conductor. He was re-arrested on complaint of the conductor charged with using foul and obscene language and will have a jury trial.

## Friends Decay All Wars.

Richmond, Ind., May 19.—The national conference of missionary workers in the Church of Friends, in session at Westfield, adopted strong resolutions against wars and cabled the same to the International council of women now in session at Copenhagen.

## ANARCHISTS ARE BUSY IN SPAIN

Attempt Life of the New Spanish Ruler by Use of Dynamite.

## POOR LITTLE KING

Plot Frustrated by Vigilance of the Police the Night Before Coronation.

## ARE ALL MARKED MEN

Madrid, May 19.—The police have discovered that there were several plots for assassinating King Alfonzo during the coronation. It is generally conceded that the king had a narrow escape.

Gabriel Lopez and fifteen other anarchists are under arrest, charged with the attempt on King Alfonzo.

In the rooms occupied by Lopez nine dynamite cartridges were found.

Lopez Confesses

Lopez has confessed that he had been ordered to throw the dynamite under the king's carriage Saturday, as it passed through a narrow street, Carrera de San Jeronimo, through which the royal procession passed.

The plot was discovered, and the arrests made late Friday night.

Lopez says only his arrest prevented the death of the king, as he intended to carry out the orders of his superiors.

## ALL NOTORIOUS ANARCHISTS

The sixteen men so far under arrest are all Spaniards and include some of the best known anarchists in Madrid. Lopez is an insurance clerk. The other prisoners include six medical students, a carpenter, a mason and a printer. Other arrests will be made.

The discovery of the plot and the arrests have created the wildest excitement in Madrid.

## FORECAST FOR THE WEEK.

### Senate to Discuss Philippine Measure

—Plans in the House.

## VOLCANIC ASHES FALLING

Decks of the Cruiser Cincinnati at Fort De France Covered

Washington, May 19.—The navy department to day received the following dispatch from Capt. McLean of the cruiser Cincinnati, at present at Fort De France: "Ashes and volcanic dust are falling thickly here. Now looks like a thick fog. The decks are covered."

## LAKES OF KILLEARNY FATAL.

Nine Tourists and Four Boatmen Lose Their Lives on Irish Waters.

Killearny, Ireland, May 19.—A party of thirteen persons lost their lives by the wrecking of their boat during the storm on lake yesterday. Party consisted of nine tourists and four boatmen.

Friends Decay All Wars.

Richmond, Ind., May 19.—The national conference of missionary workers in the Church of Friends, in session at Westfield, adopted strong resolutions against wars and cabled the same to the International council of women now in session at Copenhagen.

## TENNESSEE MINE A DEATH TRAP

Explosion of Gas in the Coal Creek District Fatal to Many.

## ONE MAN IS SAVED

Blown from Mine's Mouth—One Hundred and Fifty Are Dead.

## MINE STILL BURNING

Nashville, Tenn., May 19.—At least a hundred and fifty lives were lost this morning as the result of an explosion of gas in the Fraterville and Thistle mines in the Coal Creek district. Of all the men at work in the mines at the time of the explosion it is believed that every one perished except John Morgan who was blown out of the mouth of the mine.

The mine is now burning. Smoke and flames are gushing from the entrances and air shafts in the mountain side.

## DEMOCRATS WAIT FOR SPOONER

Senators Pay Unprecedented Honor to Wisconsin's Senator on Philippine Bill Debate.

Washington, D. C., May 19.—(Special) The Democrats are much concerned about the speech of Senator Spooner will make on the Philippine question, and they are eager to reply to it. This compliment is unprecedented in the senate. Republicans expect a great speech from the Wisconsin senator.

## DISPUTE CHAMPIONSHIP

Illinois and Wisconsin Both Claim Base Ball Leadership

Chicago, May 19.—The western intercollegiate baseball championship for the present season is now claimed by two rival institutions—Illinois and Wisconsin. At best this is a championship which is not very clearly defined, because of the differences in numbers of games played.

The conference colleges, do not give equal numbers of games to all the teams and because each conference institution plays games with other colleges. This year, on technical figuring, an exact claim is difficult to substantiate.

On the total number of games played Illinois has the highest percentage. But on the total number of games played with the conference schools, Wisconsin, which was credited with a weak team early in the season, has a clean record of victories.

However, Wisconsin has played only four conference games all told while Illinois played five with Chicago alone. Moreover, if Wisconsin, on the basis of not having lost to a conference team, makes a championship claim, then Beloit with a team which has twice defeated Wisconsin, will begin to demand recognition; and Beloit has been defeated by Northwestern, the conference team which has a string of goose eggs.

Considering generally all around work and the quantity of it, Illinois appears to have slightly the strongest claim to leadership among the colleges, having won out from Chicago in a decisive victory at Champaign Saturday. It will however, remain true that in one Illinois-Wisconsin game of the year Illinois lost.

The claim of Huff's men will be strengthened if on their trip East they win games.

## MAY PROLONG CONGRESS

Senator Teller Announces He Will filibuster on Cuban Bill to Avoid Vote

Washington, May 19.—Senator Teller today has served notice on Senator Platt, of Connecticut, the chairman of the senate committee on relations with Cuba that there would be a very long debate on the Cuban reciprocity bill after it is introduced. He intimated that filibustering would be inaugurated in the senate to prevent a vote on the measure which might keep congress in session until August.

## MAY MEAN PEACE

Dispatches From Governor of Capt. Town to Home Office Indicate

London, May 19.—A number of dispatches from Milner, Governor of Cape Colony, have been received in London today. It is believed they dealt with the present peace situation in South Africa.

## SEVENTEEN-YEAR LOCUSTS.

Pests Expected to Visit Various Parts of the Country.

Washington, May 19.—Large numbers of seventeen-year locusts have made their appearance in this city and reports of similar visitation have reached the department of agriculture from Altoona, Pa., and Nashville, Tenn. The department has a full record of their appearance in

## REV. VAUGHAN ON MARRIAGE

**SPEAKS ON ST. PAUL'S LETTER  
TO CORINTHIANS.**

Tells of God's Commands and The Apostle Paul's Teachings to the Heathen People—Gives an Interesting Sermon to a Large Congregation—in Other Churches.

Yesterday was a significant day for the Baptist church for with its services Rev. Richard M. Vaughan entered upon his second year as its pastor. This first year of service in this city has been signal success and the result is gratifying alike to the members of the church and to the young pastor who has established himself so firmly in the high esteem of the community.

Yesterday Rev. Vaughan preached to two large congregations, the subject of his morning sermon being: "The Conversion of Children."

### Talks on Marriage

In the evening he delivered a forceful, straightforward address on "The Marriage Problem" taking for his text the 39th verse of the 7th chapter of Paul's first letter to the Corinthians: "The wife is bound by law as long as her husband liveth; but if her husband be dead, she is at liberty to be married to whom she will, only in the Lord."

Rev. Vaughan holds the family to be the fundamental social institution. It existed prior to church and state and is the foundation of both. If church and state were destroyed the family would rebuild them but if the family were destroyed, society would be in a condition of remedyless chaos. Therefore the subject of marriage has always been of the greatest importance. At the time when Paul's letter was written the germs of monasticism were becoming active and it was a time of religious stress and persecution. The people appealed to Paul concerning marriage and it will be noticed that in his answer there runs a strange note of uncertainty as though he were walking on thin ice.

### Paul's Doctrine

There are some things on which Paul is sure, however, and two of these stand out prominently in this letter. First—Be careful how you marry. Second—Stick to it.

Be careful how you marry. Marry only in the Lord, says Paul. It is well to enter into any relation of life with deliberation. Certainly on so sacred a subject it is well for one to look before he leaps. Perhaps if he looks long enough he will not leap at all—at least not at present. Certainly he should not marry unless there is a probable source of subsistence. There are enough pauper families in the country today without adding to the number. On the contrary Americans have too exalted an opinion of living. Young people think it necessary to begin where father and mother left off. Unless this idea is checked it will mean the gradual disappearance of the pure American type of manhood. Young men must realize that they don't have to get a gilded cage for their bride. Get a job and a little cottage with a garden.

There are some people who ought never to marry. Those afflicted with incurable diseases and those who are degenerate owe to posterity the duty of celibacy. There may also be a high religious motive for not marrying. There are some forms of service which call for such sacrifices that only those free from other ties can perform them.

### Cause of Catholic Celibacy

This doubtless led to the demand of the Roman Catholic church that its priests and nuns should be celibates. The truth remains, however, that there is not a whit more sanctity in celibacy than in marriage. The ideal man is not the priest, but the husband and father. The ideal woman is not he nun, but the wife and mother.

For those who are to marry the question arises whom? Paul's answer of "only in the Lord," while referring to the mixed marriages between Christians and pagans, has an application for the present time. It signifies at least the possession of Christian morals.

### Do Not Marry To Reform

To marry a man to reform him is a short cut to life-long sorrow and disaster. It can hardly be demanded that both parties should be professing Christians, but at least neither party should be violently opposed to it. The ideal marriage is where both parties lead the open Christian life with a common faith, a common hope and a common purpose.

### Against Divorce

Then comes Paul's second injunction to stick to it. He found his authority in Christ's teachings for while Jesus was silent on many social questions he considered the family so basic that he gave special attention to it. He gave but one reason for divorce with permission for the innocent party alone to remarry. Some argue that he spoke on figuratively and that anything which defeats the objects of matrimony as much a reason for divorce as the one named. The trend of Christian thought, however, is that with one exception marriage is permanent. Jesus did not look on marriage simply as a civil contract that could be annulled at will.

### Valid Reason For Divorce

There are times when divorces are lawful. There is valid ground for divorce and valid reason for permanent separation, but the United States today is in great danger from too loose divorce laws. Last year there were twice as many divorces granted in the United States as in the rest of the world.

At a rule married people should stick to it for the sake of husband and wife. The marriage relation is a moral discipline. It calls for forbearance, charity, mutual concessions and duty, the virtues which give to society its integrity. They should stick to it for the sake of the children, the saddest item in any divorce, and finally for the sake of

society. In self-defense society must guard the family with rigorous laws which may work hardship in individual cases, but which will make for the general good.

M. E. Church

At the Court street M. E. church yesterday morning a large congregation listened to a masterly address by the Rev. J. H. Tippett on the subject: "Shall We Send Our Heroes to the Poor House?" The sermon was a plea for the worn out ministers, who have given the best years of their life and their best effort to the service of the Methodist Episcopal church and who are known as superannuates. Incidents from real life, occurrences which have happened in this state were cited freely by the speaker, adding effectively to the strength of his plea. As a result of the sermon a free will offering of \$100 was given by the congregation toward the support of the superannuates.

### EVANSVILLE IS FIRST

**In The Track Meet Last Saturday  
And Janesville Second.**

The Evansville high school athletes were too much for Janesville and Beloit at the meet on Saturday afternoon. Janesville and Beloit went to the meet with the intention of wresting the Rock county champion ship cup from them, but found that Evansville had a few good things themselves and they had no trouble in securing enough points early. In the meet to establish their right to the cup.

The Evansville school was especially strong in field events and secured 39 out of a possible 54. They also showed up well in the track events and made in the end to secure 80 out of 144 points.

Bump carried off the honors for the home team. He won the one hundred yard dash, the one hundred and twenty yard hurdles and the two hundred twenty yard hurdles and was second in the broad jump.

Beloit did not show up as well as was expected. One reason for this is that the Beloit college academy catches most of the larger Beloit boys and takes them off the high school team, consequently they were not as large and heavy as the other teams.

The score at the finish of the meet stood Evansville 80, Janesville 47 and Beloit, 18. The attendance was fair and all enjoyed a good afternoon's sport.

On Saturday next the Janesville high school track team will go to Whitewater team in a track contest. Whitewater has a first-class track team and will keep the Janesville boys busy.

### ONE THOUSAND GOING FROM HERE

**Local Woodmen Estimate Tremendous Crowd from Janesville to Rockford on June 4.**

Fully 1,000 people from Janesville and vicinity are expected to attend the annual Modern Woodmen picnic to be held at Rockford, Illinois, the fourth day of June.

The special train from this city will leave over the Milwaukee road. The excursionists will be accompanied by a band and will return home early in the evening.

The Woodmen of Rockford are the busiest people in town at present arranging for their big picnic which will be held on Wednesday, June 4.

Less than three weeks remain in which to complete all details for the event and the different committees will find it hard to get everything in readiness by that time.

Special headquarters will be announced soon for the local delegations on arriving at Rockford. The indications are Janesville will be a deserted town on June 4.

### GIDEONS HOLD MEETING

**Interesting Talks at the Y. M. C. A. Building, Sunday Afternoon**

The men's meeting at the Y. M. C. A. building yesterday afternoon was of special interest to travelling salesmen, the Gideons having it in charge. H. S. Ball, of Appleton, was the leader and gave an excellent talk on the value of Christianity to travelling men. There was also a brief forceful address by H. A. Hayne of Ohio. Several inspiring vocal selections were rendered by a male quartet consisting of J. C. Kline, Dr. F. T. Richards, J. S. Taylor and A. Crawford. The general song service was led by W. F. Mc Caughay and was one of the best features of the meeting.

### HEAVY RAILWAY WASHOUTS

**Passenger Trains Delayed for Hours at Elroy by Broken Track**

Passenger trains that left Janesville over the Chicago & Northwestern railroad on Saturday evening had a hard time of it on reaching Elroy.

There they found awaiting them a bad washout that was located five miles north of that city.

The vestibule train which leaves Janesville at 9:30 p. m. was the first to be delayed at Elroy and there she was held for several hours until the damage was repaired. The washout was the result of heavy rains and was discovered by the section men in time to avert a wreck.

### Lose a Million Rubles.

Vienna, May 19.—It is reported from Cracow, Galicia, that a million rubles have been stolen from the headquarters of the general staff there. Two generals and several staff officers have been arrested in connection with the robbery.

### Kenosha Best Sugar Plant.

Kenosha, Wis., May 19.—The Schub Purchasing Association of Chicago is making an effort to secure the location for an immense sugar plant here. The company proposes an investment of \$750,000.

## HOSPITAL FULL TO OVERFLOWING

**Palmer Memorial Had Ten Surgical Operations in Two Days—Have To Turn Patients Away.**

Ten surgical operations in two days is a good record for the Palmer Memorial hospital to make, and with sixteen patients in the hospital at the present time the hospital is certainly a refuge for suffering humanity.

Of the ten operations two were for appendicitis, one for obstruction of the bowels, another for abdominal tumor, another for tumor of the bladder. All of the operations were successful and the patients are resting easily.

Dr. W. A. Palmer made most of the operations assisted by other physicians in individual cases.

### Hospital Is Full

Every room in the hospital is taken for patients and yet there are many calls for rooms that cannot be supplied. There are several applicants each week that cannot be accommodated.

One of the most pressing needs of the city is a hospital for charity patients.

If a poor person is in need of a surgical attendance and assistance that person must go to the county hospital, a long distance from the city and consequently away from frequent calls from surgeons and nurses.

### Would Donate Site

The Palmer estate will donate a site for a hospital of this kind, if some citizen or citizens will erect the building. Several surgeons and physicians will give their services for charitable operations and cases of illness, but do not feel that they can pay for the board and nursing of such patients.

### There Are Frequent Calls

Miss Baker, superintendent of the Palmer hospital says she has frequent calls from persons who are unable to pay more than 50 cents to one dollar a day for care, but she is unable to take them as the cost of running the hospital is very great as she has fifteen assistants to help do the work necessary to be done.

During Miss Baker's second year in the hospital she will have cared for something over two hundred patients.

### A BLIND COMPOSER

The following little poem was written by Caroline May Palmer, a student at the School for the Blind, and read at an Endeavor convention recently held at Walworth, where Miss Palmer was in attendance, as a delegate. The sentiment was inspired by an illustration given by Rev. Vaughan in an address. Miss Palmer is the daughter of Mr. and Mrs. H. A. Palmer of this city.

### Another Flame

(From the Philadelphia Times.) A man who had lost his much beloved wife consulted a stone mason in regard to the erection of a tombstone with a suitable epitaph. After having a number of lines suggested, he finally selected the following: "The light of my life has gone out."

A short time afterward the widow fell in love with a very charming girl, to whom he became engaged. He immediately felt concerned about the epitaph upon the tombstone of his former wife, and again consulted the stone mason, to whom he explained the circumstances, and stated that the epitaph would have to be changed. He intended to leave town, returning on the day of the wedding, and implored the mason to take the matter in hand and alter the epitaph so that the feelings of his prospective wife would not be hurt. This the mason promised to do, and when the widow returned he visited the grave at once, finding that the mason had been true to his word, the epitaph now appearing: "The light of my life has gone out, but I have another match."

### Men and Women.

(From the Columbus Dispatch.) The man who brings out his light colored spring hat almost invariably remarks when somebody with an investigating turn of mind asks him where he got it, how much it cost, etc. "Oh, I've had that hat for about a month now. It's far from being new."

However, the same hat, when carefully scrutinized, does not show any signs of wear and generally looks as spick and span as when it came from the packer's box. If you question the owner's statement as to the time of his possession he will usually tell you that he had not worn it, but it had been around the house for at least thirty days.

A woman is different. When she gets a new bonnet, she is anxious to get it properly placed and get out on the street. If she meets an acquaintance and words of ecstasy and delight are not forthcoming, she invariably gets mad.

"Can't you see my new hat? I just bought it. Ain't it sweet? And I only paid \$9.99 for it. The milliner told me she had held it for 10.50, and reduced the price for my special benefit."

That's the reverse in human nature among the sexes.

The Madison district of the Epworth League will meet in Poynter June 20 and 22, inclusive.

### YOUR FAITH will be as ours if you try

**Shiloh's Consumption Cure** and ours is so strong we guarantee a cure or refund money, and we send you free trial bottle if you write for it.

SHILOH'S costs 25 cents and we cure consumption, pneumonia, bronchitis, asthma, etc. Will cure a cough or cold in a day and thus prevent serious results. It has been doing these things for 60 years.

S. C. WELLS & CO., Le Roy, N. Y.

Karl's Clover Root Tea corrects the Stomach

## CAUCUS CALL ISSUED.

### REPUBLICAN CONGRESSIONAL CAUCUSES.

NOTICE is hereby given that on the 23d day of May, 1902, caucuses will be held in the various cities, villages and towns throughout Rock County, Wisconsin, at the places hereinafter named, for the purpose of electing delegates to be held in a convention to be held at the City of Janesville, Wisconsin, on the 26th day of May 1902, to elect delegates in the several assembly districts of said County to represent such districts in the Republican Congressional District Convention to be held in said City of Janesville on the 27th day of May 1902, each of which caucuses shall be held open one hour and in the various towns shall be opened at two o'clock in the afternoon and in the wards of the cities and villages at 7:30 o'clock in the afternoon. The number of delegates to be chosen and the places of holding such caucuses are as follows:

Town, Avon, No. of Delegates, 2; in W. ## MONT PELEE HAS COMPANY

New Volcano Breaks Out to North and Both Are Now Active.

### SUCHET MAKES RELIEF VOYAGE

Barrels of Biscuit and Hogsheads of Codfish Distributed Among the Needy at Basse Pointe by Officers of the French Cruiser.

London, May 19.—A new volcano has broken out to the north of Mont Pelee, and the latter volcano is still active, according to the St. Thomas correspondent of the Times. The volcano of Soufriere, St. Vincent, is now quiet.

### LAVA STILL FLOWS.

Examination of St. Pierre Delayed by Clouds of Smoke.

Fort de France, May 19.—Acting Governor L'Huillier and the other insular authorities and the committee of doctors who embarked on the French cruiser Suchet, proceeded on that ship to St. Pierre to determine whether there was danger in permitting the examination of the ruins to continue, inasmuch as a large number of the corpses buried there are in a state of putrefaction.

As the authorities were about to embark at St. Pierre, a large quantity of lava flowed into the Riviere Blanche, and this, accompanied by an enormous cloud of smoke, made it appear doubtful whether it would be possible to examine St. Pierre because of the danger of being lost in the ruins. The party did not land and the Suchet steamed to the north.

In the direction of Le Precheur the appearance of the volcano was not so terrific. The ground at Le Precheur is covered with a thick layer of cinders, and the limbs of the trees are weighted down with them.

### Distribute Food.

After the cruiser passed Cape Ste. Marie the cinders on shore were seen to be less thick, and gradually decreased as the vessel approached Basse Pointe. Here the Suchet anchored, and a small boat came out from the shore, bearing persons who asked for food. Thirty-eight barrels of biscuits and eight hogsheads of codfish were distributed. There are 600 inhabitants at Basse Pointe, and a number of families have fled the village, leaving all their property behind. The river at Basse Pointe is filled with mud, which appears to be congealing. The bridge there has been completely destroyed. The river water has ceased to flow, but cattle get water from the springs in the neighborhood. There are several fine sugar-cane estates in the vicinity of Basse Pointe.

Several women with their children and baggage embarked on the Suchet there, and the cruiser returned to St. Pierre. The return trip was quite different, as the coasts were at times hidden from view. The temperature of the water was taken and proved to be 29 1/10 degrees Centigrade.

### Trouble in Burning Bodies.

Upon reaching St. Pierre the second time the government authorities landed. There was a strong odor of burned flesh in the town and files were beginning to congregate there in great numbers.

Difficulty is had in burning the bodies. The committee of doctors examined the ruins and declared that in some parts of the town it would be impossible to let the work of excavation continue.

Access to St. Pierre is difficult. The town is surrounded by thick clouds of cinders and vapor, and at times it is impossible to see more than six feet.

Cinders are also falling at Fort de France and the population became alarmed, but it is now more quiet. Toward 5 o'clock in the evening here breathing becomes quite difficult and horses show signs of disquietude.

The United States cruiser Cincinnati and the government tug Potowmac are at Fort de France.

### TWO ARE DROWNED IN ROWBOAT

Man's Effort to Frighten Young Woman Leads to Death.

Marinette, Wis., May 19.—Because he wanted to scare a young woman, Edward Boatman, while out riding in a boat with Miss Clara Gagnon, rowed under a dam in the Menominee river. The undertow caught the boat and it tipped over and both were drowned. Several hundred people were powerless to aid them and had to watch their struggles from the river bank. In the excitement the fire department was called out. Boatman was a shipping clerk at the Park paper mills.

### GUNBOAT TO PROTECT AMERICANS.

Colon, Colombia, May 19.—The American gunboat Machalas has gone to Bocas del Toro to initiate a more active policy against the impositions that have been practiced by the insurgents on American trade at Chiriqui Grande.

### EARTHQUAKES IN PORTUGAL.

Lisbon, May 19.—Earthquakes are reported from the southern part of Portugal, but no fatalities occurred. The disturbances are supposed to be connected with the upheavals in the West Indies.

It is said that every bride has many friends, but in a few years they dwindle down to one. That's Rocky Mountain Tea. Makes and keeps her well. 35 cents. Smitos' Pharmacy.

## OLD PEOPLE

Do not always receive the sympathy and attention which they deserve. Their ailments are regarded as purely imaginary, or natural and unavoidable at their time of life. Disease and infirmity should not always be associated with old age. The eye of the gray haired grandchild may be as bright and the complexion as fair as any of his younger and more vigorous companions.

**Good Blood is the secret of healthy old age**, for it regulates and controls every part of the body, strengthens the nerves, makes the muscles elastic and supple, the bones strong and the flesh firm; but when this life fluid is polluted or poisoned and loses its nutritive, health sustaining elements, then there is a rapid decline of the vital powers, resulting in premature old age and disease. Any derangement of the blood quickly shows itself in an ulcer, sore, wart, tumor or some other troublesome growth upon the body, and rheumatic and neuralgic pains become almost constant, accompanied with poor digestion and cold extremities.

S. S. S. being purely vegetable, is the safest and best blood purifier for old people. It does not shock or hurt the system like the strong mineral remedies, but gently and thoroughly cleanses the blood and stimulates the debilitated organs, when all bodily

ailments disappear. S. S. S. is just such a tonic as old people need to improve a weak digestion and tone up the Stomach. If there is any hereditary taint, or the remains of some disease contracted in early life, S. S. S. will search it out and remove every vestige of it from the system.

Write us fully about your case and let our physicians advise and help you. This will cost you nothing, and we will mail free our book on blood and skin diseases.

vere tonight or Tuesday.

## THE YOUNG MEN.

The work of the Young Men's Christian Association, in Janesville, was brought forcibly to mind by reports of officers at the annual meet-

ing last Friday evening.

These reports indicated two things. First that the association is accomplishing good work, and second that the success attained is due very largely to the tireless work of a few men who are devoting time and energy to building character in the lives of young men.

Dr. E. E. Loomis retires from the presidency of the association, after eight years of devoted service. He has had the pleasure of helping to develop it, from a weak and debt burdened organization to one of the strongest associations in the state.

In this work he has been ably assisted by a loyal officiary, and a faithful board of directors. Mr. Kline, the secretary, is one of the best men for this responsible position that could be found. His heart is in the work, and the men and boys with whom he comes in contact, never doubt his sincerity.

The association while practically on a self-supporting basis, is entitled to more encouragement than it receives. It is in no sense a church, nad is free from prejudice and sectarian bias. Its aim is clear, and wholesome morals. A creed so broad and liberal, that it should be endorsed by every man and woman who believes in law and order.

There is an army of young men in Janesville, who never see the inside of a church, and whose home surroundings are not the most helpful. These boys by scores are on the streets, and in the saloons, and however good may be their intentions the influences are demoralizing.

Ten years from now they will be full fledged citizens, assuming responsibilities, and exercising all the rights of citizenship. The Y. M. C. A. extends a hand and says to these young men, "Come in and we will do you good."

The church fails to reach them, and the home fails in holding them. The association offers the first stepping stone in the upward path, and there isn't a business man or any other kind of a respectable man in the town who can afford to be out of harmony with the movement.

There are lots of boys in good homes, who are beyond parental control. Boys who are at the critical age, where they have not yet come to themselves. The association is ready to lend a helping hand to this class of young men and the parents of this class of boys cannot do better than to encourage the work.

The citizens of Janesville have been kindly disposed toward the association, and have aided liberally with money. What is needed today more than any one thing is more generous moral support.

It is easy to shirk responsibility, and the shirkers are always more numerous than the workers. While the association is doing good work, it will be greatly enhanced when more generally appreciated.

## CROP CONDITIONS

The May issue of the "Crop Reporter," issued by authority of the Sec. of Agriculture, contains some statistics of crop conditions, that are of interest to both the farmer and business man. The acreage of winter wheat in the United States is 27,103,000 acres, nearly 5,000,000 acres less than the previous year. The state of Kansas is 2,000,000 short. The condition of the crop May 1st, was 18 per cent below the average of last year.

This means a light crop and higher prices for wheat. The shortage in acreage is doubtless due to the fact that the price of wheat, especially during the past year, is out of all proportion with the price for other cereals.

Most of the wheat growing states are great corn producers, and corn commands about the same price as wheat, while an acre of land produces nearly double the quantity of corn. With the present high price of meats the outlook for the corn market is good for at least a year or two to come.

The states of New York and Pennsylvania, produce two fifths of all the winter rye, and the condition of this crop, May 1st, is the poorest of any exhibit in ten years.

Meadow lands throughout the country are also 15 per cent below the average. This means a short hay crop and high prices for coarse feed.

The crop reports issued each month are to be posted conspicuously in the post offices by order of the department and they will be well worth studying. The reports are unbiased and the information is substantially correct.

The outlook for the year is, on the whole, very encouraging.

Reports from Rock County indicate that the crop promises to be

above the average, and prices will be satisfactory. When the beet sugar industry is developed, a new factor will be added, that promises profitable results.

## NEGATIVE SUPPORT

The State Journal in its column of "observer's gossip" says: "It is because I believe LaFollette seeks to establish the direct vote in the making of nominations and that tax reform has some chance under him, while it has none if the eleventh story people win, that I support him, and write him up, though sometimes the dose is pretty stiff and one has to ask himself afresh whether if the governor could be assured of the honor he would be over-solicitous about reformed government." Well might the governor say, "Call you that backing of your friends? A plague upon such backing!" If the State Journal man is harassed with doubts and self-questionings as to the governor's sincerity surely he ought to be very charitable towards the misguided stalwarts who are short on faith and long on distrust of the sincerity of his candidate.—Madison Democrat.

The LaFollette forces are doing their best in all parts of the district to unite on a candidate for congress against H. C. Cooper. Mayor Richardson appears to be the man agreed upon. They have no particular grudge against Cooper, but they propose to test strength in the convention. The conservative element of the party will take note and govern themselves accordingly.

The still hunt that is going on over the district, indicates that the campaign is fully launched. The congressional convention is important, as the LaFollette forces propose to make it a test of strength. Mr. Cooper will be renominated, but he will be vigorously opposed by the Governor's forces.

It is amusing to watch the antics of ex-governor Hoard, up in the Second district. He wants to support both Dahl and Adams, and is hopelessly committed to LaFollette. The only blue sky that cherishes him is a forelorn hope that Hon. L. B. Caswell may be selected as a compromise candidate. That will hardly happen this year.

Long Jones says, "It will be a contest without gloves from now on." Mr. Jones is a fighter from way back and is not easily rattled. The congressional contest in his district will be watched with interest.

There is no volcanic sulphur in Wisconsin air, but the atmosphere is heavily charged with political dynamite, that is liable to cause an explosion on short notice. There will be plenty of blue sky after the convention, and everybody will be happy when the preliminary campaign is over.

Hetty Green, with a pistol in her hip pocket, is the latest innovation on Broadway. Hetty is no coward, but she believes in self protection.

The "Waldorf Astoria" has a Ping Pong room with seven tables that are kept busy from 9 a. m. till midnight. New York's 400 are strictly in it.

General Bragg in Cuba, means an honor to Wisconsin. The nation will be well represented and the island republic will be well served.

Dr. Oliver, the Oconto dentist, has run up against the real thing and is no longer in doubt concerning the character of the governor. With Wentworth, Dahl, Helmstreet, et al. Dr. Oliver is trotting in good company.

## PRESS COMMENT.

After the Milwaukee Sentinel's exposure of the deal with the "machine" by which Robt. M. LaFollette got nominated for governor without opposition, and the further proof that he tried to get in the deal a repudiation of Spooner is there a man left in Wisconsin who thinks that the people can re-elect both of the men? The time has come when a choice must be made. One or the other must go to the political scrap- pile. Shall it be Spooner, the statesman, on whose words the United States Senate have often depended the future of the republic, or shall it be LaFollette, the politician, who was not even fair with Dahl, the stanchest supporter he had in Dane County?—Lake Geneva Herald.

Marshfield Times: When the state convention meets it will adopt a republican platform, combing out the straws of Populism that have blown in, and then nominate John M. Whitehead or some other good man, and the delegates will go home pledged to support the ticket and Senator John C. Spooner.

Madison Journal: The Milwaukee Journal is up in the air these days as usual before a crisis. It is annoying, but the boys will soon strike its level as a staunch and unmoved advocate of "vested interests." It always does.

Gov. LaFollette lopped off the heads of Drs. Oliver and Westworth of the State Board of Dental Examiners Tuesday while they were engaged in examining applicants for certificates.—Beloit Free Press.

Appleton Post: The spectacle of a professional purist in politics "mutually interests" with the man whom he has often denounced as an arch-corruptionist shows pretty clearly the

kind of a reformer Mr. LaFollette is.

Portage Register: The Evening Wisconsin heads an editorial, "The Hope of Coal Consumers," but they have long given up hope.

Port Washington Star: Down in Rock county clubs are being formed to further the interests of the republican party. In Clark county clubs are being formed to further the interests of R. M. LaFollette.

## Cow Kills Farmer.

Ekhart, Ind., May 19.—Levi Schillinger, aged sixty, a well-known farmer, was found dead at the roadside. He had been leading a fractious cow and it is supposed that she jerked him to the ground with the fatal result.

## BEET CULTURE IS ASSURED

Thirty-Five Acres Are Secured for the Experiment—Another Proposition.

The beet sugar men have been successful beyond their expectations in getting people to put in an experimental crop of beets. Their idea was when they started out that if they could secure twenty-five acres scattered around at different points about the city that it would be all that they needed to see what the beets would do.

### Secure 35 Acres

They not only secured twenty-five acres in patches of from one quarter of an acre to two acres but could have secured much more acreage. They will have this year about 35 acres under cultivation which will give them a fair idea of what the beets will do in this soil.

The seed should be planted during the month of May in order to make an early harvest. Mr. Postel, the chief agriculturist of the Wisconsin Sugar Company of Menominee Falls is here and has been out for several days with the beet seeder planting the crop.

### Farmers Favor Plan

Rock county farmers are favorably impressed with the crop and will raise a lot of beets next year. If the experiment is a success.

### Another Beet Factory

Investigations have been begun in a quiet way by Schub's Discount Purchasing association of Chicago, which is composed of exporters, retailers, wholesalers and manufacturers as to the possibility of establishing a beet sugar factory in Janesville. They claim to have plenty of backing and the citizens are interested would send a representative here to talk it over.

### Would Erect a Big Plant

It is claimed that a plant having a daily capacity of 600 tons puts into circulation of from \$60,000 to \$700,000 annually and furnishes employment to 2,500 people. The cost of such a plant and the necessary working capital is estimated at \$750,000. In operating such a plant 66,000 tons of beets are used; \$30,000 is paid to farmers for beets; 6,000 acres are required on which to raise the beets and the cost of help in raising the beets is estimated at \$150,000.

### In the Thousands

The total cost of supplies required in the factory would be \$60,000, among the supplies used being 12,000 tons of coal, 3,500 tons of lime rock, 400 tons coke, 100 tons sulphur and 2,000 gallons of oil. \$75,000 would be expended for the labor required in the factory.

### CITY NEWS IN BRIEF

A Private Party Will be held at the Golf Club house tomorrow.

34th Anniversary: The 34th anniversary of the Rock County Sunday school association will be held at Clinton Junction, May 27-28.

5,000,000 Pike for County: Rock River is being stocked with pike by the fish commission. 5,000,000 wall-eyed pike from the fish hatchery at Oshkosh have been put in the river near Fort Atkinson.

Went Into Commission: Captain Alex Buchholz put his new steam launch into commission yesterday and made a trial trip up the river. The new boat seemed to be a complete success.

Go To Prairie du Chien: Daniel Whaley and brother and two other men loaded their steam launch onto the cars yesterday and left for Prairie du Chien where they will fish for pearls. They have a complete camping outfit with them and will live along the river wherever they are fishing.

Crystal Springs Opens: Quite a good sized crowd went up the river yesterday afternoon to the opening of Crystal Springs. The Imperial band furnished the music and all had a pleasant time. The cool breezes from the river and the shade of the trees were very enjoyable during the heat of the afternoon.

Fire From a Pipe: J. L. Fletcher feels certain that the next time he hangs up his coat and puts a pipe in the pocket he will see that the pipe is out. Saturday night Clarence Hemmens noticed smoke in rear of A. H. Sheldon & Co.'s store and immediately investigated to find the cause. He thought it came up from the cellar but could find nothing wrong and came up stairs only to find the smoke thicker than ever. He investigated further and found that Fletcher's coat had caught fire from his pipe and that half of one side was burned up.

A Lively Runaway: A dray horse belonging to Howe Bros. became frightened while standing on North Franklin street near MacLean's livery this morning and ran away. When in front of Scarciff's meat market on West Milwaukee street he slipped on the bricks and fell down but before anyone could get to him he was up and away. While crossing Milwaukee street bridge a man jumped into the dray he was hitched to and stopped him.

Court Cases: In the municipal court today the case of Wm. Willie, administrator of the estate of John Willie, deceased, was dismissed on motion of the defendant and the costs of the action were taxed against the plaintiff. In E. H. Ransom vs. Charles Spencer the case was settled out of court. The case of the state of Wisconsin vs. Vernon Fraunfoder, who was arrested on complaint of Mrs. Ida Jackson for doing malicious injury to property was adjourned until Wednesday at 10 a. m.

Raided Crap Shooters: Chief of police Hogan made another raid on the crap shooters near the Hanson factory yesterday morning. This time he succeeded in getting into the game and grabbing what money there was in sight. The chief was so close to the boys before they knew he was around that he stepped right in among the players and had two of them by the collar before they were aware of his presence. Some of the boys in the game won't have any trouble in remembering that the chief is against crap shooting.

### THE NEWS OF CITY CONDENSED.

Fresh fish, Nash. New 1900 full cream cheese, Nash. For Sale—Early Sunrise seed potatoes, August Lutz. Skinned bull heads and blue gills, W. W. Nash.

King & Cowles have started a 20,000 club. An excellent idea.

Lake Koshkonong, blue gills and skinned bull heads, W. W. Nash.

Hilton's home grown asparagus, W. W. Nash.

For bands and edges, a line of laces up to \$2.50 per yard, are offered by Bort, Bailey & Co.

Home made bread and doughnuts, W. W. Nash.

The Covenant club of the Congregational church will meet tomorrow afternoon at 4 o'clock.

An excellent line of laces have been placed on sale at 10 cents per yard, by Bort, Bailey & Co.

The Janesville Shooting club will hold a target shoot at Athletic Park Tuesday afternoon.

Bort, Bailey & Co. have placed on sale a complete line of places, ranging in price from 10 to 50 cents.

J. M. Bostwick & Sons call attention on page two to several items that you may be interested in.

Exceptional attractions here in lace curtains at prices that are decidedly exceptional, T. P. Burns.

The third quarterly conference meets Tuesday evening at 7:30 o'clock in the First M. E. church.

Corner Stone, the best patent flour on earth, \$1.00 sack, W. W. Nash.

No sign of dirt in your carpets when we get through cleaning them. The latest method we employ. Phones, 211. J. F. Spoon & Co.

J. J. Welch, of Milwaukee, is the guest of his parents, Mr. and Mrs. John Welch.

Good time now to have your carpets cleaned. We employ the latest methods. J. F. Spoon & Co. Phones 211.

7 bars Santa Claus soap, 25c.

8 bars Swift's Pride soap, 25c.

Fairbank's Gold Dust, 16c.

W. W. Nash.

Rock River Hive, No. 71, L. O. T. will meet in regular session at East Side Odd Fellows' hall, this evening at 8 o'clock.

The Baptist church special prayer circle for women will meet in the church parlors tomorrow afternoon at 4 o'clock. Miss Stoddard will be the leader.

Judging from the immense amount of carpets we are selling it is evident that the people appreciate the fine styles we are showing and the low prices we are making. T. P. Burns.

All those who want to join the Christ Church Cadets should be present at the meeting at the Parish house tonight at 7:30.

In ladies' patent leather oxfords Amos Rehberg & Co. placed on sale to day a special line to sell at the popular price of \$1.69 per pair.

Fred Rusch was thrown from his buggy Saturday afternoon while driving along Armour avenue, and had his left wrist broken. The cause of the mishap was a broken hill.

Welted soles in women's patent leather oxfords have been placed on sale by Amos Rehberg & Co. at the popular price of \$1.69 per pair. At this figure you can well afford to purchase now.

Mr. and Mrs. Frederick Bloedel and son, of Oconomowoc, are the guests of their son and brother, Frank Bloedel, at his home, No. 3 Olive street.

Mr. and Mrs. A. J. Ingersoll and their grand daughter, Miss Belle Angell have issued invitations for a song recital to be given by Miss Angell at the Congregational church parlor, Tuesday evening, May the twenty-seventh at 8 o'clock.

Howard Myhr, youngest son of C. J. Myhr, had a bad gash cut in the back of his head Saturday afternoon by a playmate hitting him with a can during an amateur circus performance. The cut was quite painful, but not serious.

A. N. Gleason, general agent of the Northwestern, returned home last evening from trip to Fremont, Ind., where he has been doctoring for liver troubles. He is feeling much better and hopes to be all right in a short time.

Miss Etta Nott of this city, is dangerously ill with measles at the home of her friend, Miss Helen Servatius, in Maquoketa, Iowa. Word has been received by Miss Nott's relatives in this city, that there is a grave possibility that she may not recover.

Our line of fine cigars is conceded the most complete in Wisconsin. The best brands from half a hundred factories, and each one that manufactures leaders. Every line new cigar is here, and all the best old brands. Think of buying all these favorite cigars at \$1.75 a box of 50 or 10 for 35 cents. Grubb.

Opera House Tonight

Irving French, the popular comedian who in conjunction with the company that bears his name, will open a three nights' engagement at the Myers Opera house tonight, is one of the most pleasant gentlemen before the public, and the crowded houses that have greeted his efforts and those of his company during the past five seasons fully attest his right to the title that heads this article. Tonight they will present "A Runaway Wife" a comedy in four acts, brimful of the latest songs, dances and funny situations.

Mr. French is said to be extremely funny in his part and is supported by a carefully selected company, giving a continuous performance at 10, 20 and 30 cents. Ladies free tonight only, if accompanied by one paid 30-cent ticket. Already the advance sale indicates a crowded house. Secure your seats early and avoid disappointment at the box office. Remember the engagement of this talented company is for three nights only.

Raided Crap Shooters: Chief of police Hogan made another raid on the crap shooters near the Hanson factory yesterday morning. This time he succeeded in getting into the game and grabbing what money there was in sight. The chief was so close to the boys before they knew he was around that he stepped right in among the players and had two of them by the collar before they were aware of his presence. Some of the boys in the game won't have any trouble in remembering that the chief is against crap shooting.

### TOBACCO MEN

#### ON INSURANCE

Hold Meeting To Talk Over Situation—Not Satisfied with Present Rates.

Janesville leaf tobacco dealers are determined to resist in every possible way the recent raise in the cost of insurance on tobacco warehouses and their contents. They will favor those companies that insure at the old rates, and if necessary will form a local insurance company.

A well attended meeting of the Janesville Leaf Tobacco Dealers' association was held at the office of the association Saturday evening and the question of insurance rates was pretty thoroughly discussed from all standpoints.

At a previous meeting a committee of three, consisting of James M. Thayer, S. Grundy and F. S. Balnes, had been appointed to investigate the insurance question and report. This committee did so make its report on Saturday evening.

#### Difference in Rates

The committee reported that it had thoroughly investigated the matter and seen the local representatives of many companies, most of whom charge new rates, while a few companies will take risks at the old rates.

The names of several companies in Chicago and other cities who will insure at the old rates but have no local agents were secured, together with their financial standing and annual reports. The committee recommended that local tobacco dealers insure as much as possible with those companies that will insure at the old rates.

#### Would Decrease Rates

George H. Rumill stated that by placing iron screens over the basement windows, putting a standpipe in the warehouses and in other ways the rates could be very materially decreased.

President Carle and others thought the rates all out of proportion to the risk, and are much lower in larger cities where they should be very much greater.

George H. Rumill stated that if tobacco dealers would release the insurance companies from loss by smoke, the rates could be decreased to a considerable extent and he favored doing so. Mr. Carle and others did not agree with him.

#### To Investigate Companies

The secretary was instructed to investigate the standing of certain insurance companies, who would insure at the old rates, but had no local agents. Also to see if such companies could do business in this city and what would be necessary to collect the insurance in case of loss.

Samuel Grundy introduced a resolution in regard to trials but after some discussion it was decided to take no action until the next meeting.

#### SIXTY-FIRST MEETING

Beloit—District Convention of Congregationalists Meets at Emerald Grove.

The sixty-first annual meeting of the Beloit district convention of the Congregational church will be held at Emerald Grove this week, commencing tomorrow morning and continuing through Wednesday.

Rev. Robert C. Denison will be in attendance and several members of the Janesville church will drive over for some of the sessions. Among the interesting features on the programme will be a paper on "The Church and the Community" which will be presented tomorrow afternoon by Rev. S. P. Wilder, of Delavan, formerly pastor of the Janesville Congregational church.

#### SELLS HIS MONTHLY PAPER

E. B. Helmstreet Disposes of the Wisconsin Druggist to Northwestern Druggist

E. B. Helmstreet has disposed of his monthly publication, the Wisconsin Druggist, Exchange to the Northwestern Druggist of Minneapolis, into which Mr. Helmstreet's paper will be merged. The Wisconsin Druggists' Exchange was founded in 1891 and has been highly valued by the druggists of the state. Mr. Helmstreet will continue to write pharmaceutical news as he will serve the Northwestern Druggist as associate editor, having entire charge of the Wisconsin department. Mr. Helmstreet's long experience as one of the leading druggists of the state as well as his position as president and former secretary of the State Pharmaceutical Association and former secretary of the state board of pharmacy, will make him a valuable addition to the editorial staff of the trade journal.

NEWS OF A PERSONAL NATURE.

Michael Doty spent Sunday in Baraboo.

W. H. Appleby was up from Beloit over Sunday.

T. L. Acheson is confined to his bed by illness.

John Welch, of Elkhorn, was a city visitor to this city.

Mrs. Mary Doty went to Chicago this morning.

Alice Doran, of Edgerton visited in the city today.

J. H. Peohl was in the city today from Edgerton.

Mr. and Mrs. W. S. Jeffris spent Saturday in Chicago.

L. E. Gettle of Edgerton had legal business in the city today.

Judge and Mrs. C. L. Field left on the noon train for Chicago.

Judge L. F. Patten is seriously ill at his home, 161 East street, south.

Frank L. Smith of Chicago, spent Sunday with his family in this city.

L. H. Grover of the Hadden-Rode Co., of Milwaukee, is in the city.

A. W. Tyner, who has been attending Valentine Bros.' school of telegraphy, has left on a visit to his former home in Stillwater, Minn. Mr. Tyner has made a host of warm

friends since coming to Janesville. Miss Isabel Carpenter, of Chicago, spent Sunday with relatives in Janesville.

Fred S. Taggart and wife are home from a trip to Chicago and New York.

John Nelson, Bessie Boileau and Ethel Boileau, of Beloit, took Sunday dinner at the Grand.

Mr. and Mrs. H. S. Gilkey are entertaining Mr. and Mrs. W. D. Sprosser, of Watertown.

William Denniston is spending a few days in Chicago, visiting relatives and friends.

DOROTHY VERNON OF HADDON HALL.			
By CHARLES MAJOR. Illustrated by Howard Chandler Christy. The Macmillan Co., 12mo, \$1.50.			
Charles Major is perhaps the most popular teller of love stories among living novelists. In Dorothy Vernon, as in his earlier novel When Knighthood Was in Flower, time and distance lose their significance under his spell. He has the rare and happy faculty which brings home to the heart the spirit of gallant times and the impetuous call of youth's springtime. Well written from first page to last, this novel is worthy to rank as one of the best pieces of American fiction, and as literature. Mr. Major has discovered what potent implements are language and style in the creation of romance, and he has mastered their use. All praise to him for this; it cannot fail, moreover, to add to his popularity, thus earning for his willingness to labor and improve two rewards, one material, the other artistic.			
The romance is the chief concern with this author; it is the very root as well as the flower of his gift. This is a historical tale, so far as period, scene, and minor characters are concerned. Indeed, even his hero and his heroine, and the romance itself, are based upon historic fact. But we are after all even in the land of fables, the best of realms in which to dwell in romantic fiction. Dorothy Vernon is an Elizabethan maid, but there is in her a suggestion of wilful young womanhood as it reveals itself through the ages, a touch of the eternal feminine in her defiance of authority for the sake of the man she loves. She is not a historic figure, interesting on account of its distance from the women of to-day; she is flesh and blood of this twentieth century, all gentleness and roused fury in defense of her soil, all love and strength and fortitude under persecution and opposition, a living, loving, lovable girl, ready to risk all for the sake of "him," a living woman of to-day. She will appeal more potently, we think, to the popular imagination than did even the heroine of the earlier book, because she is depicted in more vigorous lines and stronger colors, because Mr. Major has indeed hit his mark.			
Lord Pauncefote Better.			
Washington, May 19.—Lord Pauncefote, the British ambassador, is reported to be slightly improved. His condition is said to be satisfactory.			
STILL KEEPS IT.			
"During a period of poor health some time ago I got a trial bottle of Dr. De Witt's Little Early River," says Justice-of-the-Peace Adam Shook of New Lisbon, Ind. "I took them and they did me so much good I have had them ever since." Safe, reliable and gentle, DeWitt's Little Early River neither grips nor stimulates but stimulates the liver and promotes regular and easy action of the bowels.			
Extend Treaty Ratification.			
Washington, May 19.—In view of the action of the Danish Rigsdag, which treats aside the Danish West Indian treaty question until after the election in September, Secretary Hay and Mr. Brun, the Danish minister here, will at once prepare for submission to the senate a protocol extending the time allowed for the ratification of the treaty.			
Grants Special Privilege.			
Washington, May 19.—The president has issued a proclamation granting a certain portion of the military reservation at Fort Brady, Michigan, formerly occupied as a military cemetery, to the municipal corporation of Sault Ste. Marie, Mich., for public use.			
JOLIET MILLS RESUME WORK			
Hundreds of Men Given Employment After Long Lay-off.			
Joliet, Ill., May 19.—The Phoenix Horseshoe company notified all its men to be ready to come back to work at 7 o'clock this morning. They will start on a continuous run in all departments. Four hundred men, who have been idle for several weeks, will be given employment. The McKenna rail rolling mill will also start after a two months' shut-down. Three hundred men are employed there. No 2 rod mill of the Illinois Steel company started up last night. It had been closed for repairs for the last month.			
STEAM—7¢ per lb. for cast and rye.

CATTLE—\$1.50 per 100 lbs.			
Sheep—\$1.75 per 100 lbs.			
BEEF—7¢ per lb.; lamb, 4¢ per lb.			
Tobacco as a Disinfectant.			
The virtues of tobacco as a disinfectant—not only in the greenhouse,			
but as a preventive against infectious diseases—are not a recent discovery, for it is recorded that at the time of the great plague every child had to take a pipe and tobacco to school, and at an interval in the lessons, master and scholars, lit up. A correspondent of a trade journal writes that he has held positions in various cigar and tobacco manufacturers in London and Liverpool since 1844, and has never known a single death of a cigarmaker or a tobacco cutter from cholera or smallpox. If persons do not smoke, he says, they should burn a little tobacco every morning before leaving home. The advice comes from a source not strictly impartial, but it is not without warrant. Perhaps the Lancet will spare a moment from its pursuit of germs to give an authoritative decision on the point.—London Chronicle.			
The First Trace of Beer.			
Sir Cuthbert Quilter, M. P., who visited Egypt recently for the benefit of his health, and returned yesterday to prepare for the debate on Pure Bill No. 3, claims to have established beyond dispute that ale, as mentioned by Herodotus, was brewed in Egypt 2,000 years ago.			
A dispute on that point, writes our lobby correspondent, arose between the honorable baronet and Sir W. Harcourt. At Luxor Sir Cuthbert came upon a monolith with a bas-relief indicating a tankard, and he found inscriptions establishing the existence of beer in the early days of Egyptian civilization.			
Sir Cuthbert Quilter, as he says, is prepared at the proper time on the debate on the Pure Beer Bill to back the accuracy of Herodotus against that of "Histories," London Mall.			
Three Children Drown.			
Spring Valley, Minn., May 19.—An electric storm accompanied by a cloud-burst passed over Etna and Forestville, two small villages nine miles southeast of this city. Several barns and other buildings were completely demolished. Herman Wilbright, wife and three children, who were returning home in a buggy, were thrown into the raging torrent and the three children were drowned.			
Washouts Near Dubuque.			
Dubuque, Ia., May 19.—Washouts occurred on the Illinois Central west of Dubuque, east of Manchester and Independence, and at points on the Cedar Rapids, Minnesota branch of the Chicago Great Western at Durango, Almora and on both sides of Oelwein. The most serious was at Wrightville, Minn., where the county bridge carried out the railroad bridge.			
FOR OVER SIXTY YEARS.			
We are and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children's teething. It soothes the child, softens the gums, relieves all pain, eases wind and colic and is the best remedy for diarrhea. See a bottle.			
Goldie, Antioch in St. Louis.			
St. Louis, May 19.—Despairing because of obstacles in the course of their love, Antoine Regnier, 23 years old, and Miss Annie Kickel, 18 years old, took carbolic acid and died in each other's arms.			
Fighter Sentenced for Murder.			
Muscogee, La., May 19.—"Kid" Noble, an ex-prize fighter, was sentenced to the penitentiary for life for killing Tom Morgan, a local saloonkeeper, last January in a quarrel.			
Big Fire in Philadelphia.			
Philadelphia, Pa., May 19.—Fire destroyed the cold-storage house of the Willow street company. The loss is estimated at \$200,000, covered by insurance.			
OLD AGE AND SPRING			
PAINES CELERY COMPOUND			
Invigorates and Strengthens Those Advanced in Years.			
If You Feel Old, the Great Medicine will Give you the Vigor and Health of Youth			
Ladies clean your kid gloves with The Dry Cleaner, for sale only by Fleury Dry Goods Co., headquarters for dressed and undressed kid gloves in all the leading shades. Gloves fitted and warranted.			
Lord Pauncefote Better.			
Washington, May 19.—Lord Pauncefote, the British ambassador, is reported to be slightly improved. His condition is said to be satisfactory.			
STILL KEEPS IT.			
"During a period of poor health some time ago I got a trial bottle of Dr. De Witt's Little Early River," says Justice-of-the-Peace Adam Shook of New Lisbon, Ind. Sampson-Schley Controversy  
Is Again Subject of Dis-  
cussion in House.

## MR. FOSS PRAISES THE NAVY

Says the Honor of Santiago Cam-  
paign is Large Enough For All—  
Cannon Contends No One Would  
Attack Admiral Schley's Valor.

Washington, D. C., May 19.—The house spent Saturday in discussing the naval appropriation bill, and the most important feature of the discussion involved a revival of the Sampson-Schley controversy. This arose over an amendment to the bill which was presented by Mr. Mudd (Md.), and which was adopted, prohibiting the use of Maclay's history of the navy as a text book at the naval academy.

During the discussion Mr. Foss of Illinois remarked that he had supposed the Sampson-Schley controversy was dead. He said the controversy ought to have been closed when the court of inquiry made its findings and when the president of the United States reviewed those findings. He said he was glad Schley was at Santiago; that Clark had brought the Oregon around the Horn; that Walwright was there, a man who never felt that he was too near the enemy; but above all he was glad that the men unhooked and unsung, the men behind the guns, were there. The honor of the Santiago campaign is large enough for all, said Mr. Foss. "In this controversy I have never been for Admiral Sampson or Admiral Schley. The American navy will live long after the Sampsons and the Schleys are gone. When the smoke of battle dies away, when the tramp of men is gone by, the recording angel will record the names of the men who took part in the Santiago fight."

Mr. Schrim (Md.), in making his maiden effort before the house, said that the unfortunate controversy between Sampson and Schley had not been forced by the friends of Admiral Schley; that truth had been perverted by Maclay, and he wanted the house to stand by the president, who had publicly announced that Maclay's history should find no place in the curriculum of the Naval Academy or in ships' libraries.

Mr. Cannon (III.) remarked that he did not believe that anybody in the house or the country believed that Schley was a coward. He thought, however, as Maclay had been kicked out of the service, it came with rather bad grace to attack the amendment to the bill, when its adoption could not change the judgment of mankind as to Schley's standing.

Treasury Department Office, Supervising Architect, Washington, D. C., May 6th, 1902.—SEALED PROPOSALS will be received at this office until 2 p. m. on the 11th day of June, 1902, and then opened, for the construction (except heating apparatus, electric wiring and conduits) of the U. S. Post Office at Janesville, Wisconsin, in accordance with the drawings and specifications, copies of which may be seen at his office, or at the office of the Postmaster at Janesville, Wisconsin, at the discretion of the Supervising Architect James Knox Taylor, Supervising Architect.

Crop Report Notes.

The flaxseed crop of Hungary in 1901 amounted to 162,445 bushels.

Crop reports from Morocco and other parts of North Africa are generally favorable.

The annual output of olive oil in California is estimated, commercially, at from 5,000 to 6,000 barrels.

The coffee crop of San Salvador for 1902 is estimated at 40,000,000 pounds, against 55,600,000 pounds in 1901.

The Bulletin des Halles (Paris) estimates the number of horses in the world at 74,600,000, the number of mules and asses at 12,100,000.

The 1899 flaxseed crop of the United States, according to the recently published statement of the U. S. Census Office, was 19,979,492 bushels.

Accounts of the Spanish crops have on the whole been favorable, but a recent mail report from Barcelona states that the fields, though looking well, were infested with weeds to a great extent and that a plague of locusts was spreading.

—Sec'y of Agriculture.

ILLINOIS MINERS STAY AT WORK  
Differences Have Been Adjusted and  
an Agreement Signed.

Hazleton, Pa., May 19.—All differences between the operators and miners of the Springfield, Ill., district have been adjusted and there will be no strike there for a year at least.

An agreement was reached after a long conference between representatives of the men and their employers, who had come here to discuss the few differences between them. The details of the agreement were not made public, but it is known that it will hold for one year.

Monument to War Hero.

Council Bluffs, Ia., May 19.—A monument in honor of the memory of Col. William H. Kinsman, who was killed while leading a charge on confederate intrenchments at Black River, Miss., was unveiled in Fairview Cemetery. The monument was given by his old comrades of the Fourth and Twenty-third Iowa regiments and the citizens and school children of Council Bluffs. Nearly 100 veterans of the regiments named were present.

McDonnell to Be Archbishop.

Rome, May 19.—At the American college here and in other well-informed quarters it is regarded as practically certain that Bishop Chas. McDonnell of Brooklyn, N. Y., will succeed the late Archishop Corrigan of New York.

Kills His Mother.

Custerville, Cal., May 19.—John McCarty, aged 22 years, shot and killed his mother and then gave himself into custody. He fired four pistol balls into her brain at close range. His story is that the shooting was in self-defense.

Pauncefote Will Stay.

London, May 19.—The foreign office officials say there is no truth in the report that Lord Pauncefote has requested that, on account of the state of his health, his resignation be immediately accepted.

Physicians are calling attention to the fact that influenza or grip has come to stay. In the larger cities there has been a marked increase in diseases affecting the organs of respiration, which increase is attributed to the prevalence of influenza. Persons who are recovering from grip or influenza are in a weak condition and peculiarly liable to pulmonary disease.

Dr. Pierce's Golden Medical Discovery cures coughs, bronchitis, lung "trouble" and other diseases of the organs of respiration. It is the best tonic medicine for those whose strength and vitality have been exhausted by an attack of grip. It purifies the blood, cleansing it of the poisonous accumulations which breed and feed disease. It gives increased activity to the blood-making glands, and so increases the supply of pure blood, rich with the red corpuscles of health.

"A word for your 'Golden Medical Discovery,'" writes Mrs. E. A. Bender, of Keene, Co., Ohio. "We have been using it as a family remedy for more than four years. As a cold remedy and blood purifier, there is nothing better, and after having the grip, Dr. Pierce's Golden Medical Discovery is just the right medicine for a complete cure up."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood, and lungs.

The sluggish liver is made active by the use of Dr. Pierce's Pleasant Pellets.

## A Medicine for Old People.

Rev. Gen. Gay, Greenwich, Kas., is past 83 years of age, yet he says: "I am enjoying excellent health for a man of my age, due entirely to the rejuvenating influences of Dr. Miles' Nervine. It brings sleep and rest when nothing else will, and gives strength and vitality even to one of my old age."

"I am an old soldier," writes Mr. Geo. Watson, of Newton, Ia., "and I have been a great sufferer from nervousness, vertigo and spinal trouble. Have spent considerable money for medicine and doctors, but with little benefit. I was so bad my mind showed signs of weakness. I began taking Dr. Miles' Nervine, and I know it saved my life."

**Dr. Miles' Nervine**

Saved me from the insane asylum," Mrs. A. M. Heifner, of Jerico Springs, Mo., writes. "I was so nervous that I could scarcely control myself, could not sleep nor rest, would even forget the names of my own children at times. I commenced using Dr. Miles' Nervine and it helped me from the first, and now I am perfectly well."

Bold by all Druggists on Guarantee.

Saved by Kindness.

As nature over the tired earth  
Let twilight's mantle fall,  
The din of war was hushed awhile;  
The scream of shot and ball.

The sun, that morn, had looked upon  
The plain all fair and bright  
The moon would look upon the dead,  
And those to die that night.

The trampled grass was strewn with  
men  
The wounded and the slain,  
The blue and gray lay side by side—  
Helpless upon the plain.

The chaplain knelt beside a man,  
His Bible in his hand;  
He asked if he should read to him  
Of Heav'n, God's Holy land.

"So many hours I have been here,"  
The wounded soldier sighed,  
"My lips are parched, my throat is dry."  
"A drink, a drink," he cried.

The chaplain went and soon returned  
With water pure and clear;  
And gave to him in Jesus' name,  
The name to him so dear.

The wounded soldier gladly quaffed;  
Thee chaplain laved his brow;  
Then raised his head so tenderly,  
For it had lain so low.

"Ah, 'tis so cold," the soldier moaned  
The ground is hard and bare."  
The chaplain doffed his heavy coat  
And covered him with care.

"If in that book you have," he said,  
"Words that will make men be  
To others kind, as you have been,  
I pray tell them to me."

He told him of God's fatherhood  
And of his wondrous love,  
And when the moon looked calmly  
down,  
The call came from above.

But ere he passed he whispered low,  
"Thank God, for now I see  
My Saviour on the other side,  
You brought this hope to me."

The chaplain closed his sightless eyes  
Then raised his own to Heav'n  
"I thank the Father," then he said,  
"To me this chance was given."

An Ode to Bob.  
(Suggested by the reputed remark,  
"I have votes enough in my little  
vest pocket to win this fight."  
(Tune: Rosin the Bow.)

I'm a dandy, a la la, a cuckoo;  
And destiny great is my chum;  
I'm out for a re-nomination,  
And I'll make the stalwarts go some.

For I've a machine that's running,  
And always gets there on time;  
It has already placed votes a plenty,  
In—that little vest pocket of mine.

The Norwegian vote I have cooperated  
And now I am after the Dutch;

Poor Dahl—no doubt he feels badly  
But politics were ever such.

What business has he to be kicking,  
When destiny marks out the line;  
He ought to lie still in my waistcoat —  
Yea—that little vest pocket of mine

I'm after the scalp of John Spooner,  
Cause he never bows down to me;

And every congressional "sooner."  
That refuse to bend low the knee.

To the legislature only,

Must come men who will do bld-

dine of mine;

Then I'll have the whole gang in  
my jeans, sir.—

Yea,—that little vest pocket of  
mine.

I'll pass all the laws I desire,  
Including my primary bill;

And cram down the throats of the  
people

My sweet little populist pill.

Then from Michigan's shore to the  
river.

From Superior down to the line,

I'll be lord, boss and little dictator,

With—that little vest pocket of  
mine.

—S. T. Alwart.

London's Catholic Cathedral.

The Roman Catholic cathedral in  
London, now in course of erection, is  
360 feet long and 156 feet wide. Apart  
from the site, it has already cost \$750,-  
000. The material used is red brick,  
with Portland stone courses, and its  
Oriental decorative features, it is said,  
suggest a mosque rather than a cathed-

## DAMAGE AT AUSTIN.

## Heavy Rain and Windstorm Injures Many Persons.

San Antonio, Texas, May 19.—A heavy rainstorm, accompanied by a terrible wind, struck this city. Several persons were injured, but no fatalities are reported. Scores of buildings were wrecked and the property loss is placed at \$75,000.

The wind reached a velocity of seventy-two miles an hour and continued at that rate for nearly twenty minutes. It blew from the southeast and then shifted to the southwest, the greatest velocity being from the latter point. At Fort Sam Houston government property was damaged to the extent of \$20,000, the doors being torn off the officers' headquarters and barracks. The West End church was destroyed, causing a loss of \$5,000. Hartwell's hotel was damaged to the extent of \$3,000. Damage to private residences will reach \$20,000.

Advices received here show the storm was general throughout the state, extending from the Red river to the lower gulf coast, a distance of fully six hundred miles. In northern Texas the atmosphere became very cold immediately following the rain. The barometer was very low also, indicating at Dallas 29.2, which is nearly the point reached here during the Galveston disaster.

The territory immediately to the west of Austin is badly damaged by the high winds. Walter's Park, a small hamlet, fourteen miles to the northwest of Austin, was badly damaged, something like threescore or more houses being blown down and many trees uprooted.

In Austin a number of houses were unrooted and the state institution for the blind was considerably damaged, though none of the inmates were injured. A number of camping parties at various points up the river were serious sufferers in the matter of destruction of property, but so far as known no loss of life is reported.

Considerable damage was also done at Beeville, a town close to the gulf coast, near Goliad.

Rice in the Philippines.

More than twenty varieties of rice are known in the Philippines; but, though this cereal is so important to the natives, not enough of it is produced to supply their needs, and large quantities have to be imported annually.

Gift to Elgin Academy.

Elgin, Ill., May 19.—The trustees of the Elgin Academy have secured \$4,000 for the running expenses of the institution and have strong hopes of arranging for an endowment which will assure the future of the school. Professor Sleight, the principal, has withdrawn his resignation.
